

STUDENT INFORMATION FORM 2009-2010

The staff of Central Elementary strives to base decisions, such as class placement on a variety of factors, including parent perceptions. This helps us provide the best possible educational experience for your child. This student information form is an opportunity to give your school information regarding planning and placement for next year.

Portage Public School's policy for special teacher requests states that "a child placement request is **not to be made unless** there are extenuating or special circumstances which would not normally apply to other children." **In the case of special or extenuating circumstances, an appointment may be made with Mrs. Roberts before Friday, February 27, 2009 to discuss these circumstances.** We thank you for your understanding in helping us create balanced, heterogeneous classrooms, which, of course, are in the best interest of all students.

- **Child's Name:**

- **Child's Grade in the Fall:**

- **My child's strengths are:**

- **Areas my child needs help with include:**

- **I believe my child learns best in a classroom which:**
