

Haverhill Front Parking Lot- New Drop Off and Pick-up Lane

Dear Parents,

To ensure the safety of all students, parents, staff, and visitors we are changing the flow of our parking lot to allow for a safe drop-off/pick-up lane. This new design was created collaboratively through observations of current unsafe conditions and talking with parents, staff, community members, and the district office to create an immediate solution to our biggest safety concerns.

Starting on Monday, September 26th cars will be directed to enter the drop-off/pick-up lane located along the front sidewalk.

Morning: Once in the lane drivers are asked to pull forward to the end cone or the car in front of them before letting students out of the car. Students should exit from the right hand side of the car to safely enter the sidewalk.

Afternoon: Students will be dismissed at 3:44 and asked to walk down the sidewalk to their car. Please pull forward to the end cone or the car in front of you. Once stopped your child will walk into the safety zone to enter your car.

Staff will be present in the parking lot to help students transition safely to and from cars.

If you are planning to come inside the building, please park in the visitor parking and escort your child(ren) through the parking lot.

Thank you for cooperation and patience as we transition into our new safer traffic pattern.
