Paper and pencils
Books
Exciting, action-packed
classroom curriculum !!!!

SUPPLIES NOT TO BRING

Please do not have your student
bring in a Trapper Keeper or
other large notebook. Also bring
a zipper pencil case and not a
hard cover case. Our desks are
too small for these.

Our first science project requires a 2-liter clear (not green) pop bottle. Could you please save these and send one in the first week of school? It would be terrific if the pop bottle could be rinsed out ahead of time. We will take off the labels. Thanks.

For the first two weeks of school students will need to bring in a book for silent reading time (DEAR). This should be a chapter book appropriate for fourth grade.

We are looking forward to
working with your student!

Sincerely,
4th grade teachers
